

MONTES & CLARK

Press Release - August 2015

Montes & Clark is a vibrant and exciting new Interiors brand that design inspiring contemporary artisanal pieces for the home from handcrafted Mexican textiles.

Founded at the start of the Year of Mexican Cultural Exchange with the UK by Lucy Montes de Oca and Kate Clark, their shared vision to bring colour and vibrancy to British interiors, whilst actively supporting women's co-operatives in Mexico, has resulted in a collection of stunning and beautiful home accessories.

Lucy discovered her passion for Mexican textiles when she married her Mexican husband. After travelling around Mexico for three months in 2014 with her husband and small baby, sourcing textiles and visiting co-operatives, Lucy and Kate decided to establish their company ensuring traditional crafts can survive in a modern world.

With a passion for social enterprise and a keen interest in the environment, coupled with Kate's embroidery experience, having previously taught at The Royal School of Needlework, Montes & Clark are passionate about sourcing only the finest textiles to use for their contemporary designs whilst utilising traditional skills both in Mexico, and embroidery and upholstery skills here in the UK.

The collections consist of cushions, lamps and shades, hand-embroidered throws and textiles, art-work, furniture, bags, paper-cut bunting and the new embroidery kits.

Choose from a stunning selection of multicoloured hand embroidered Otomi, Woven or Single Colour Cushions, beautiful Table Lamps and Shades, vintage pieces of Furniture, unique Art-work, bespoke hand-embroidered throws and beautiful table linens.

Scatter the cushions across your sofa, throw a long cushion on a window seat, or decorate a child's bedroom with a stunning piece of wall-art.

The Otomi textiles, hand embroidered by craftswomen in Mexico, make unique and exquisite pieces of wall art, whilst the carefully sourced vintage furniture add statement feature to both contemporary and traditional homes.

Embroidery is an ancient but living tradition in Mexico, and Montes & Clark are dedicated to sharing their beautiful collections here in the UK.

Montes & Clark also undertake commissions for upholstery requests and special event bunting.
